## MC300 EXPORT MODEL

### ADDENDUM TO OWNER'S MANUAL

The Export Model of the MC300 power amplifier incorporates the following changes from the printed specifications in the owner's manual.

1. The amplifier is configured for use on 220V-240V, 50/60HZ AC power at 3.3 amperes.
2. The AC Power cord unplugs from the back panel of the amplifier and is fitted with the Schuko European plug to match European 220V-240V, 50/60Hz Schuko AC wall outlets.
